Dear Mr Rawlings

### **Planning proposal to amend Kempsey Local Environmental Plan (2013)**

I am writing in response to Council's amended South Kempsey Village Planning Proposal, received 9 January 2017, requesting a Gateway determination under section 56 of the Environmental Planning and Assessment Act 1979 (the Act).

As delegate of the Minister for Planning, I have now determined the planning proposal should proceed subject to the conditions in the attached Gateway determination.

I have also agreed, as delegate of the Secretary, the planning proposal's inconsistencies with S117 Directions 1.1 Business and Industrial Zones and 4.1 Acid Sulfate Soils are of minor significance. No further approval is required in relation to these Directions.

Council may need to obtain the agreement of the Department's Secretary to comply with the requirement of relevant S117 Direction 4.4 Planning for Bushfire Protection. Council should ensure this occurs prior to the plan being made.

Plan making powers were delegated to councils by the Minister in October 2012. It is noted that Council has requested to be issued with delegation for this planning proposal. I have considered the nature of Council's planning proposal and have decided to issue an authorisation for Council to exercise delegation to make this plan.

The amending Local Environmental Plan (LEP) is to be finalised within 12 months of the week following the date of the Gateway determination. Council should aim to commence the exhibition of the planning proposal as soon as possible. Council's request to draft and finalise the LEP should be made directly to Parliamentary Counsel's Office 6 weeks prior to the projected publication date. A copy of the request should be forwarded to the Department of Planning and Environment for administrative purposes.

The State Government is committed to reducing the time taken to complete LEPs by tailoring the steps in the process to the complexity of the proposal, and by providing clear and publicly available justification for each plan at an early stage. In order to meet these commitments, the Minister may take action under section 54(2)(d) of the Act if the time frames outlined in this determination are not met.

Should you have any queries in regard to this matter, I have arranged for Ms Jenny Johnson of the Department's regional office to assist you. Ms Johnson can be contacted on (02) 6641 6614.

Yours sincerely

24 January 2017

## Gateway Determination

**Planning proposal (Department Ref: PP\_2017\_KEMPS\_001\_00):** to increase the development opportunities and densities in the South Kempsey Village Precinct.

I, the Acting Director Regions, Northern at the Department of Planning and Environment as delegate of the Minister for Planning, have determined under section 56(2) of the *Environmental Planning and Assessment Act 1979* (the Act) that an amendment to the Kempsey Local Environmental Plan (LEP) (2013) to increase the development opportunities and densities in the South Kempsey Village Precinct should proceed subject to the following conditions:

1. Community consultation is required under sections 56(2)(c) and 57 of the Act as follows:
  - (a) the planning proposal must be made publicly available for a minimum of **28 days**;
  - (b) the relevant planning authority must comply with the notice requirements for public exhibition of planning proposals and the specifications for material that must be made publicly available along with planning proposals as identified in section 5.5.2 of *A Guide to Preparing LEPs (Department of Planning and Environment 2016)*; and
  - (c) Any mapping material must meet the specifications in the current *Standard Technical Requirements for Spatial Datasets and Maps (Department of Planning and Environment 2015)*.
2. Consultation is required with the NSW Rural Fire Service under section 56(2)(d) of the Act. NSW Rural Fire Service is to be provided with a copy of the planning proposal and any relevant supporting material, and given at least 21 days to comment on the proposal.
3. A public hearing is not required to be held into the matter by any person or body under section 56(2)(e) of the Act. This does not discharge Council from any obligation it may otherwise have to conduct a public hearing (for example, in response to a submission or if reclassifying land).
4. The timeframe for completing the LEP is to be **12 months** from the week following the date of the Gateway determination.
