Q1a. Do you think that the development of the local economy is beneficial to Kempsey Shire?

Q1b. (If yes), how?

▪ Creates more employment	57
▪ New industries and businesses are improving the Shire	31
▪ More money into Kempsey	30
▪ Population growth	24
▪ Economy is growing and good for local people	16
▪ Brings improved services	16
▪ Council will have more income to spend on infrastructure	9
▪ More shops, parking and businesses means our money would stay here	8
▪ Everything is progressing	7
▪ Any development is good for Kempsey	5
▪ Creates work and employment for the youth	5
▪ New developments	4
▪ Housing development needs to be looked into	3
▪ Improved shopping	3
▪ Raises the profile of the town	3
▪ Sub development is the best way of improving the area	3
▪ Good for tourism	2
▪ Infrastructure has to grow for increase in population	2
▪ Moving out of city looking to rural areas	2
▪ New housing developments means more business	2
▪ They've got to encourage businesses such as King Gee and manufacturers to come to town to help our economy	2
▪ Understaffed in the health and subdivision area	2
▪ Without development the town will die	2
▪ As long as we don't get caught up in industries which will pollute our environment or cause problems later	1
▪ Bigger employers needed into the Shire	1
▪ Creates more things to do	1
▪ Hopefully it creates employment and lifts the standard of living	1
▪ If the businesses are doing all right its better for the town, more people in jobs	1
▪ In my opinion the Council only let things go through that are of benefit to people on the Council	1
▪ In small ways but not in a big way	1
▪ It is bringing more industrialists to the area and they're bringing industry and expertise with them	1
▪ It is supporting the community with money going back in and allowing a better future and opportunities	1
▪ More competitive with our neighbours	1
▪ More we develop the more we can prosper	1
▪ Ongoing support for our businesses in town such as Akubra	1
▪ Provide more services for the aged and young	1
▪ Providing work by expansion, entrepreneurs, tourism	1
▪ The more resources in the community the better	1
▪ There's not enough going on to employ residents and help the economy	1
▪ They don't do enough to fix the industrial estate	1
▪ We've got lots of factories, we grow our own vegetables and this creates dollars for our town	1

Q2a. Do you believe that the nature of development in the Shire will improve the quality of life within the Shire?

Q2b. (If yes), how?

▪ More employment means an improved quality of life	41
▪ Improvement and introduction of new amenities/facilities and services provided	21
▪ Improvements/developments will better the economy	10
▪ Increase of residents	6
▪ More money coming in which means more opportunities	6
▪ More activities	5
▪ More shops	5
▪ We need new and modern affordable housing to encourage young people to move here	5
▪ Depends on the nature of the development. The Correction Centre isn't improving the quality of life	4
▪ More attractive place to live	4
▪ Business brings in prosperity and means the town has business facilities so we don't have to travel to other towns	3
▪ By controlled development	3
▪ Good development will bring educated people	3
▪ Happier community	3
▪ If development is sensible and we keep the natural beauty of the town we'll be right. If we start tarring beach roads, we're likely to end up like the Gold Coast	3
▪ It brings more money and more businesses into the town	3
▪ Crescent Head shouldn't be developed any further	2
▪ Encourage tourism	2
▪ If economy improves spending will increase and make for a more prosperous town	2
▪ Industry needs to be encouraged to come to the Shire	2
▪ Infrastructure has to be of a good standard for people to stay here	2
▪ Keeping the younger people in town	2
▪ More benefits to the people	2
▪ Only if Council develops the whole Shire, e.g. road works etc.	2
▪ We don't want it to become overdeveloped. Kempsey is good the way it is now	2
▪ As long as we don't end up being a concrete jungle like Port Macquarie	1
▪ At the moment it is not safe to walk around in the dark so with more people we will get more police and hospitals which will improve their services	1
▪ Building up the education in schools	1
▪ Community centres	1
▪ Council growing too rapidly	1
▪ Financially	1
▪ It is making the Shire bigger	1
▪ It needs to catch up to other areas	1
▪ Kempsey bridge gardens are causing driving difficulties because the trucks can't see	1
▪ Kempsey Shire works within the community to help people in need	1
▪ Made access for the elderly a lot better	1
▪ More people coming in means more spending in the area and we grow	1

Q2a. Do you believe that the nature of development in the Shire will improve the quality of life within the Shire?

Q2b. (If yes), how? (Cont'd)

▪ More variety needs to be introduced	1
▪ Organisations will get bigger and better	1
▪ South West Rocks is getting too crowded	1
▪ Stimulation for the locals	1
▪ The children need to be trained for work in local area	1
▪ The town is in need of a facelift and new ideas. New people will bring new ideas	1
▪ There would be more money for Council to spend in areas that need attention such as water, sewerage and road works	1
▪ There's not many places for kids to go and if there were more places for them to go it would stop a lot of the crime	1
▪ They have all been positive things so far but we need more things for the youth	1
▪ They might start spending money on the Kempsey Hospital	1
▪ They need a bit of forward thinking. Port Macquarie is a much better town	1
▪ They're trying very hard to improve the quality of life for us but it's very hard	1
▪ Variety of people is excellent	1
▪ Where I live, they've opened a road to build more homes and it has become an 80-km/h zone, which is very dangerous. We get people speeding and driving dangerously down the road	1
▪ With more development they might consider more recycling	1

Q3b. What should Council do to ensure that the Shire grows in a positive way?

▪ Attract more industry and business	53
▪ Improved maintenance of current infrastructure (e.g. roads, parks etc)	40
▪ Be open minded and listen to the people - community consultation	38
▪ Avoid overdevelopment/ensure quality development	30
▪ Don't know	17
▪ Look after the environment	7
▪ Do something about the dreadful High School. There is no order in that school. There is no respect for teachers and no respect for pupils. If we want the Shire to grow, we need a decent school so residents will stay	1
▪ Ensure that Kempsey is easily accessible	1
▪ Ensure tourist attractions and our beaches are kept nicely maintained	1
▪ Establish a uniqueness	1
▪ Find ways to create more child care placements for those who want to return to studies	1
▪ Fix the Indigenous issues	1
▪ Foster better attitudes	1
▪ Grafton and Taree are much better Councils than ours	1
▪ Have a new Council every 12 months	1
▪ I don't want Kempsey to grow	1
▪ I think the Council needs to stop knocking back things that should go ahead	1
▪ Keep it a country town	1
▪ Keep the business area working with the police and keep the undesirables out	1
▪ Keep things close enough for people to get to and enough parking	1
▪ Leave things alone a bit more and stick to their knitting	1
▪ Less talk and more action	1
▪ Look after the aged and the young	1
▪ Look after the people	1
▪ Look at each thing in a positive way	1
▪ Mainly look after the retailers	1
▪ Make sure the town is kept clean	1
▪ Make sure there is no corruption within the Council	1
▪ Make the rates better and improve the garbage service	1
▪ Making sure that resources that are handed out are going to be beneficial to the community	1
▪ Modernise it a bit more	1
▪ Monitor who moves to the area	1
▪ More development studies	1
▪ More marketing	1
▪ More positive influences	1
▪ More security	1
▪ Need people on Council who aren't pushing their own barrows. The makeup of Council in the 60 odd years I've been here is they only get on Council if they want a road in front of their place or cheap water for their factory, a thousand different things	1
▪ Need some duplex style homes built where people can retire to	1

Continued on the following page

Q3b. What should Council do to ensure that the Shire grows in a positive way? (Cont'd)

▪ Need to assist residents in have a good quality of life	1
▪ No improvement to policies	1
▪ Not so many business people on Council, so there is more competition	1
▪ Not to become an area where there is either housing commission or unemployed people wanting to stay here, people need to contribute to the area	1
▪ Plan for the future	1
▪ Provide recreation facilities	1
▪ Put more incentive on employers	1
▪ Put more money into improving the airport	1
▪ Shouldn't promote housing for low-income people	1
▪ Start maintaining people who live more than 2 kilometres out of town	1
▪ Start to split land up in the valley	1
▪ Streets need to be cleaned in East Kempsey. The gum tree fills up the drains in East Kempsey and more needs to be done	1
▪ Support for the residents that are already here	1
▪ Take care of the area	1
▪ There is still a block of land that's not being used	1
▪ They should encourage local shopping	1
▪ To do all the things that they promise	1
▪ To welcome people that want to come to the town	1
▪ Too picky at the moment towards anyone that wants to do anything, Council makes it difficult	1
▪ Tourism a must	1
▪ Tourism facilities by river need to be updated	1
▪ Try not to lose any of its old basic services, like the airport	1
▪ Try to find a solution to lessen the problem	1
▪ Use the dollar in the most economical way	1
▪ Workers on the Shire are pretty lazy in East Kempsey	1
▪ Young people need to contribute to the town more	1

Q4. What steps do you think we can take to encourage young people to stay within our Shire?

▪ Attract more industry and business/employment	257
▪ Improve/create services, facilities, activities	69
▪ Better education/training	27
Other	40
▪ No suggestions	4
▪ Incentives	2
▪ Offer more opportunities	2
▪ Tourism	2
▪ A more positive approach is needed	1
▪ Indigenous youth to be more involved in national parks and wildlife projects	1

▪ Don't know but there's a lot of trouble	1
▪ Drop the crime rate	1
▪ Find a window in the sky so they can reach their goal	1
▪ Get rid of the theft	1
▪ Have youth forums	1
▪ Higher wages for workers	1
▪ It has to be a positive place to stay	1
▪ Keep growing the town	1
▪ Keep them off the streets	1
▪ Kempsey is the cheapest place for real estate in NSW so there's not much potential for growth	1
▪ Make it a nicer place to be	1
▪ Make Kempsey more desirable, there are no jobs, no sense of hope, young kids don't see a future in Kempsey	1
▪ More community involvement provided	1
▪ More housing	1
▪ More local development	1
▪ More shops	1
▪ Nothing here for young people	1
▪ Provide extra enterprise	1
▪ Provide more child care placements for families	1
▪ Provide more incentives such as reduced rates for 10 years	1
▪ Race problem stops Kempsey going ahead	1
▪ Start looking after the young ones	1
▪ Support the local area a lot more	1
▪ Survey the children in school and find out what they want	1
▪ Talk with them more about what they want	1
▪ The police we have should have more authority	1
▪ There is no money here for the young people. They get better money in Sydney. Real estate is going up and the local people can't afford to buy a house	1
